

American River Basin: Antelope Creek Improvement Project

Attachment 12: AB1420 and Water Meter Compliance Information

Overview

The Antelope Creek Improvement Project described herein is a joint project between Placer County Flood Control & Water Conservation District (PCFCD) and Placer County Water Agency (PCWA). This is a combined flood damage reduction, water supply and water quality improvement project located in Placer County; part of the American River Basin IRWM region.

PCWA is an urban water supplier as defined in the California Water Code. As such, PCWA is required to comply with the requirements of the water code as they pertain to AB1420 and water meter compliance.

PCFCD is not an urban water supplier as described in the California Water Code. As such, PCFCD is not required to comply with the AB1420 or water meter compliance requirements of the water code.

Attached is documentation for PCWA showing their compliance with AB1420 and the water metering requirements; this documentation is a letter stating eligibility from DWR and a copy of their Water Meter Compliance form as included in the Prop 84 Implementation Grant Application. Also attached is a copy of the Water Meter Compliance form for PCFCD.

Dear Mr. Kingsbury:

The Department of Water Resources (DWR) has reviewed the Placer County Water Agency's (PCWA) Self-Certification Statement – Tables 1 and 2 submitted on December 21, 2010, regarding implementation of the Urban Best Management Practices (BMPs).

The purpose of DWR's review is to determine eligibility of the PCWA to receive water management grant or loan funds. DWR has followed the *Draft AB 1420 Compliance Requirements* dated June 1, 2009. For detailed information, please visit <http://www.water.ca.gov/wateruseefficiency/finance/>.

Based on DWR's review of the information in Tables 1 and 2, the PCWA has and is currently implementing the BMPs consistent with AB 1420 and, therefore, is eligible to receive water management grant or loan funds.

DWR reserves the right to request additional information and documentation, including reports from the PCWA to substantiate the accuracy of the information provided in Tables 1 and 2. DWR may reverse or modify its eligibility determination and notify you and the funding agency if inaccuracies are found in the supporting documentation or in Tables 1 and 2.

If you have any questions, please contact me at (916) 651-7025 or Jodi Evans at (916) 651-7026.

Sincerely,
